

LETTER FROM THE PRESIDENT

September 10, 2007

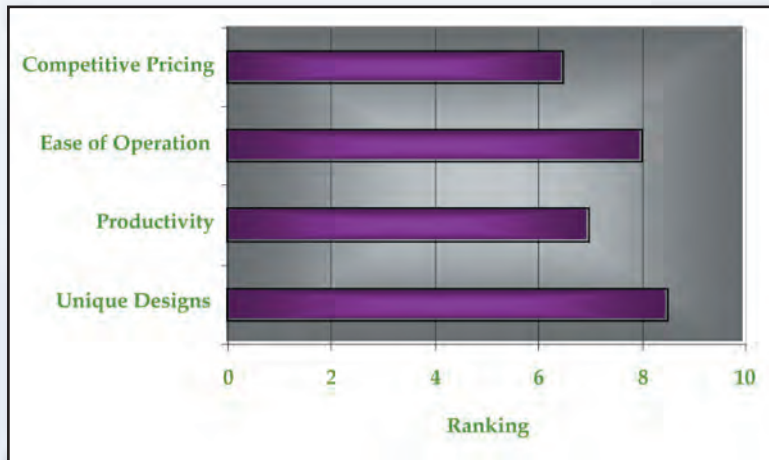

Dear Valued Customer.

The purpose of this letter is to thank you for being our customer! We also want to thank those of you who responded to surveys from Frost and Sullivan regarding Topway Global Inc. As a result we have recently been given 2 awards:

as one of America's fastest-growing private companies.

- **The Frost & Sullivan 2007 North American Commercial Water Treatment Product Differentiation Innovation of the Year Award.** This is presented each year to the company that has best demonstrated the ability to develop and/or advance products with more innovative capabilities than competing vendors and products. This Award recognizes the company's successful adoption of new or existing technology that has become a part of its well-designed product family. Such innovation is expected to significantly contribute to the industry in terms of product performance and degree/rate of technical change. Frost & Sullivan also provided the following chart of potential benefits Topway Global Inc has to offer its customers.

We at Topway Global very much appreciate these awards that would not have been possible without our valued customers. We are committed to continuous improvement to better serve you.

Sincerely,

George Yen, cws-vi
President/CEO
